

## QUALITY POLICY

In INDUSTRIAS NETTALCO S.A. we act according to values and ethical principles, respecting the rights of our clients, shareholders, employees, and society.

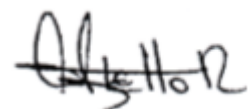

We direct our management to serve our customers through high-quality products and services, the opportunity for delivery, development, and innovation, and constantly anticipating their future needs.

We comply with all the quality requirements requested by our customers for every one of their products and at each stage of our production process.

We assume our commitment to society through full compliance with our work, safety, and environmental obligations. We respect and enforce our certifications.

We also ensure the quality of our products and services by working with suppliers who guarantee the quality, service, and delivery compliance, as well as compliance with their work, safety, and environmental obligations.

Through our main strengths, the quality of our staff and their identification with the company and acting with a high degree of professionalism in all stages of our management, We reach a level of efficiency and productivity that allows us to remain one of the main export companies of clothing in Peru.
